A man and an ostrich walk into a restaurant.

The waitress asks, "What will it be?"

The man replied "a burger and a coke."

"And you?" "I'll have the same," the ostrich replies. They finish their meal and pay.

"That will be \$4.50,"

The man reached into his pocket and pulled out the exact amount. They do this every day till Fri.

"The usual?" she asked.

"No, today is Friday. I'll have steak and a coke."

"Me too." says the ostrich. They finish and pay.

"That will be \$10.95"

The man reached in and pulls out the exact amount again just like all week.

The waitress was dumb-founded. "How is it that you always have the exact amount?"

"Well," says the man. "I was cleaning my attic and I found a dusty lamp. I rubbed it and a genie appeared."

Wow!" said the waitress. "What did you wish for?"

"I asked that when I needed to pay for something, the exact amount would appear in my pocket."

"Amazing!" Most people would ask for a million dollars. But what's with the ostrich?"

"Well," said the man. "I also asked for a chick with long legs."

While attending a marriage seminar on communication, David and his wife listened to the instructor declare, "It is essential that husbands and wives

know the things that are important to each other."

He addressed the man, "Can you describe your wife's favorite flower?"

David leaned over, touched his wife's arm gently and whispered, "Pillsbury All-Purpose, isn't it?"

The school teacher was furious hen Alec knocked him down with his new bicycle in the playground. "Don't you know how to ride that yet?" he roared. "Sure!" Shouted Alec over his shoulder, "It's the bell I can't work yet!"

A couple was celebrating their golden wedding anniversary. Their domestic tranquilly had long been the talk of the town. What a peaceful & loving couple.

A local newspaper reporter was inquiring as to the secret of their long and happy marriage.

"Well, it dates back to our honeymoon," explained the man." We visited the Grand Canyon and took a trip down to the bottom on the canyon by horse.

We hadn't gone too far when my wife's horse stumbled. My wife quietly said, "That's once".

"We proceeded a little further and the horse stumbled again. Once more my wife quietly said, 'That's twice.' "We hadn't gone a half-mile when the horse stumbled the third time.

My wife quietly removed a revolver from her purse and shot the horse dead.

"I started an angry protest over her treatment of the horse, while I was shouting; she looked at me, and quietly said, 'That's once'.

"And we lived happily ever after".
